

# SPRING EQUINOX RITUAL 2021

MARCH 19TH, 2021

## Supplies & Prep

Prepare the altar with symbols of Spring, eggs, fresh flowers, and young animals. Each participant will have a small flower pot, seeds, and soil. Add any items that they would like to charge on the altar. Line the circle with oats and place eggs at the quarters.

## Growth & Rebirth Ritual

**Circle Casting:** Each participant is cleansed as they enter the circle. As it's cast, visualize white light surrounding the boundary of the circle, and visualize the elements as they are welcomed into the circle

**HP:** "This is the boundary of the circle: Around us, above us, below us! As a sphere the circle is cast and consecrated to aid us in our craft. We evoke the elements to aid in our rite"

**East:** "I summon Air, element of inspiration and knowledge"

**South:** "I summon Fire, element of passion and transformation"

**West:** "I summon Water, element of emotion and healing"

**North:** "I summon Earth, element stability and growth"

**HP: (Lay offerings & face the North)** "As the days grow longer, The Earth begins to stir. As the Earth awakens, we feel her energy stir around us. We are connected to the Earth, and her power flows through us. As she grows in strength, we grow as well. We invoke the Goddess of the Earth to join us in our sacred rite! We invoke her power into our craft"

Each participant holds a few tigers eye pebbles and visualizes the energy of the Earth growing stronger before placing them in the flower pot and covering them with soil.

Hold the seeds while visualizing what you want to grow in your life. What do you want to create? What needs to be reborn? Pour that energy and intent into the seeds before planting them in the soil.

Place the pots and a jar of water in the center of the circle. Raise energy with a drum circle while visualizing your desired outcome manifesting as the plant sprouts.

Perform any other workings or meditations. Finish with grounding & sacred bullshit

**Closing the Circle:** Everyone returns to their corners and visualize the elements and any remaining energy flowing back into the Earth.

**HP:** "We thank the Goddess of the Earth and the elements for lending their energy and blessings to our sacred rite. With blessings given and received, we go in peace, in word and deed" (sweep the boundary of the circle) "The Circle is open, but unbroken. Merry meet, merry part, and merry meet again"

**Afterwards:** Place the offerings on the ground or toss them into running water. Keep your plant on your altar or in a sunny space, and charge it regularly with your intentions as you manifest your goals
